---

The ACT Criminal Justice Statistical Profile (the Profile) is a historical series of crime data that is compiled twice a year by the Legislation, Policy and Programs Branch (LPP) of the ACT Government Justice and Community Safety Directorate and tabled in the Legislative Assembly.

The profile contains data from the following agencies:

- ACT Policing;
- ACT Ambulance Service;
- Canberra and Calvary Hospitals" Emergency Departments;
- ACT Sobering Up Shelter;
- Domestic Violence Crisis Service;
- Restorative Justice Unit;
- ACT Magistrates Court;
- Supreme Court of the ACT;
- Access Canberra;
- Office of Children, Youth and Family Support, Community Services Directorate;
- ACT Corrective Services;
- Galambany "Circle Sentencing" Court;
- Victim Support ACT.

The Profile provides Government, community agencies and the public data on varying levels of crime in the ACT and criminal justice system response to crime.

Email alerts are available when each Profile is released if you [register interest in the Profile](#) or contact (02) 6207 7309 for more information.

## Criminal Justice Statistical Profile - March 2017

The Profiles are developed every six months based on data to March and September, and published after being tabled around June and February each year.

The March 2017 Profile was tabled in the Legislative Assembly in June 2017. Minor amendments have been made and the Profile was re-released in July 2017.

Summary tables and charts on selected data are provided in the [March 2017 Key Highlights Summary](#).

The full Profile can be downloaded [March 2017 Criminal Justice Statistical Profile](#).

Spreadsheets of the tables are available in the [March 2017 Data Tables](#).

More information on the Profile is provided in the [March 2017 Statement of Purpose and Explanatory Notes](#)

In addition to the Profile there are other sources of ACT criminal justice data, including [ACT Policing's Crime statistics and data](#), the [Australian Bureau of Statistics](#) and the [Australian Institute of Criminology](#).
