

## **ACT POLICING COMPLAINTS REPORT**

**JANUARY – MARCH 2017**

## AFP Professional Standards Framework

- The AFP's Professional Standards framework is governed by Part V of *the Australian Federal Police Act 1979* (Part V) and the *Australian Federal Police Regulations 1979*. This framework is further supported by internal governance such as Commissioner's Order 2 on Professional Standards and the National Guideline on Complaint Management.
- The AFP's current professional standards model adopts a tiered approach according to the seriousness of the breach of Professional Standards:
  - Category 1 Conduct – relates to customer service matters.
  - Category 2 Conduct – relates to minor misconduct.
  - Category 3 Conduct – relates to serious misconduct, including breaches of the criminal law or serious neglect of duty.
- Complaints dealing with minor breaches (category 1 and 2) of the AFP's professional standards are managed by line managers through the Complaint Management Team, who are best placed to deal with minor misconduct.
- More serious matters that may result in employment suitability consideration (category 3) are investigated by the AFP's Professional Standards area with oversight from the Commonwealth Ombudsman.
- All complaints of corrupt conduct by AFP appointees are referred to the Australian Commission for Law Enforcement Integrity (ACLEI) which may investigate the complaint, undertake a joint investigation with the AFP or refer the matter back to the AFP.
